

I am against any further deregulation in media ownership. This is a reason why we have anti-monopoly laws in this country. The media is already too manipulated by a few select individuals and the thought that it could be even more manipulated is the scariest idea I have heard in a long time. People form their views and opinions by what they see or read through the news and a democracy is based on the ideology that all viewpoints have a right to be heard. DO NOT UNDERMINE OUR BASIC RIGHT OF FREEDOM OF EXPRESSION!!!! DO NOT FURTHER DEREGULATE MEDIA OWNERSHIP!!!!
